Dear Mr. Stueber,

On behalf of the executive staff and the Board of Directors at Mountain View, thank you for a fantastic strategic planning weekend! I can't tell you how encouraged I feel in my leadership. I've received numerous comments from participants in our weekend about how well you facilitated – yes, by keeping everyone's interest but more importantly, giving us some meaningful progress in working toward the future.

I look forward to our continued connection. I'm hopeful that having met you, our Board will be inclined to invite you back for the other parts of your proposal as well.

God's blessings to you and yours!

In Christ,

Pastor Derek Klemm
